

### **LtH Equipment:**

2X Headrush Pedal Boards

1X TC Helicon Bass Cab with DarkGlass Amp (DI)

1X Sennheiser Wireless Vocal Mic for Lead Vox

3X Vocal Mics for Backup Vox

1X 4-Piece Drum Kit

Monitor Rig – 5X Wireless In-Ear/Behringer XR 18 and Splitter Snake

Will have own mics with us but would prefer the house to provide mics and all necessary cables. We run everything into our monitor rig first through the splitter snake. All inputs go to our monitor rig AND direct to the house. Click and backing tracks will be handled on stage unless our monitor rig cannot be used.

### **Backstage Requirements:**

Area to rest/warm up/change clothes with a bathroom close by  
Water

12-pack Yuengling

Food is appreciated but optional
